THE PRIMARY.

THE OFFICIAL COUNT WILL TAKE PLACE MONDAY

The Democratic county committee will meet Monday morning at the county court house to canvass the returns of Thursday's primary.

The official returns are in from everywhere except Miller. The result is as stated yesterday, but it will require the official count to decide the magisterial election in the Seventh and Eighth districts.

In the Seventh District on the face of the returns beats Hartley by five votes, but it is thought the official count will give it to Hartley.

In the Eighth District apparently beats Bryan by 7.

The vote was about 500 greater than in the November election, and consequently much greater than expected, although not up to the registration.

Next Saturday the Democratic primaries in Marshall, Ballard and Carlisle will take place, which will wind them up in this district. The annual convention will follow.

Regular services at the Broadway Methodist church. Preaching by the pastor, Rev. G. W. Briggs, D. D., at 10:15 a. m. and 7:30 p. m. Subject for the morning, "The Crucifixion," night, "Why I Live." Sunday school at 9:30 a. m.

THE RAILROAD.

SEVERAL MINOR CHANGES IN THE LOCAL ILLINOIS CENTRAL.

Forces—Business on the Road Good—Test Trains Develop Capacity of Freight Engines.

It is said that the Pennsylvania company's income is \$6 a second. This is equivalent to \$360 a minute; \$21,600 an hour; \$518,400 a day, or \$189,216,000 a year. The last named sum would pay the salary of Charles Schwab, president of the new steel trust, for about ninety-five years.

Work on the track elevation to be done jointly by the Chicago & Alton, the Illinois Central, and the Santa Fe companies to Chicago was commenced yesterday. There will be about four miles of joint elevation. The total cost, as approximated, is \$2,045,000.

Mr. George Wardfield, who has been night ticket agent at the Illinois Central depot for several months past, will return to the freight office Monday, and Mr. Teowsey, of the freight office, will be installed as night agent in Mr. Wardfield's stead. The exchange is made because Mr. Wardfield prefers the day job.

Trainmaster J. J. Flynn, of Memphis, arrived in the city this morning to spend Sunday.

The Illinois Central is building a 600-foot and 500-foot spur track at the tipple for the Paducah Coopers company.

Mr. Harry Bryant has accepted a position at the Illinois Central scale office.

Mr. Jerry Corbett has resumed work in the freight department, after a several days' illness.

A pulling test of the freight engines on the Illinois Central road was made on the Memphis division at Fulton. The object was to determine the drawing power of freight locomotives on the steep grade. The engine was at first overloaded and then the tonnage was removed until its normal pulling capacity was ascertained.

The engines now in use on the Illinois Central have a pulling power of 400 tons. Superintendent Philbrick, Trainmaster Flynn and Master Mechanic Barton, the latter of Paducah, were on the train, which went from Paducah to Newbern.

Mr. W. A. Vantreese, who has been employed by the Illinois Central for the past seven years, leaves tomorrow for Jackson, Tenn., to work for another road. His family leave the last of the month.

Mr. Joe Sawyer, formerly a train dispatcher here, but who entered the ministry a few years ago, has returned to his first love, and is at work for the Illinois Central at Memphis.

PAUPERISM

The dread of the thrifty, the bane of any nation, is so easily prevented that there is small excuse for even the day laborer at small wages to ever reach the almshouse. For the well-to-do merchant or the man on a fair salary, it's a crime when life insurance is so cheap and the best companies offer so many good plans. Investment is a feature for the bachelor. See us about it.

BUSINESS WORLD

Easter Shopping Gives an Impetus to the Retail Trade, Which Is Very Good.

STUTZ'S FACTORY STARTED

Real Estate Trading Shows Marked Activity and Much Building Going On—Demand for Property, Good.

ALL THE BUSINESS NEWS OF THE WEEK

Some of the retail houses have enjoyed a good trade the past week, especially the dry goods and millinery people. The Easter shopping is a great event and the volume of the business this year is very satisfactory, notwithstanding the weather conditions have been very bad.

Mr. P. E. Stutz now has his candy factory all complete, save a few minor details, and has run some the past week. He was showing some of his stick product to the wholesale people today and everywhere it was shown he was complimented on it. His orders have been very satisfactory and the prospects are fine for a good business in that line. Mr. Stutz thoroughly understands the business.

The railroad report freight business heavy and passenger traffic also good. There is a good deal of local passenger travel and all trains are full of this travel as a rule.

The local dealers in dressed lumber are having good trade and look for fine business this spring. There is a good deal of building going on and much in prospect. The brick men will also have a good season. It seems to be the universal report from surrounding towns: "Lots of building and more to follow when the season is opened up good."

The banks report business fairly active, earnings satisfactory and deposits good. The volume of counter business was not so large the past week. Wholesale houses report their collections as very good. The clearings for the week were \$401,924.09.

Tobacco.

The prices of most grades are about the same, the long leaf, however, is strong. The offerings the past week were satisfactory. Rejections were free but were afterward sold at private sales. Little loose tobacco is coming to but the rain will keep things up some. Inspector Miller's report for the week is as follows: Week ending March 29, 1901. Receipts for week, 186 hogheads. Receipts for year, 1890 hogheads. Offerings for week, 112 hogheads. Rejections for week, 16 hogheads. Private sales for week, 1 hoghead. Sales for week, 97 hogheads. Sales for year, 193 hogheads.

REAL ESTATE.

(By W. W. JAMES.) Market active, sales more numerous, and good demand for every class of property. First class business property for investment is wanted, but very little if it can be bought. Inquiry for vacant eligible lots indicates activity this season in building, but the greatest demand is for cottage houses in good condition. This demand comes both from investors and home seekers, and the supply does not nearly meet the demand. As to small houses to rent the supply is wholly inadequate. Very few to be had and real estate circles flooded constantly with applications. To sum it up the real estate situation is unusually satisfactory.

POLICE COURT.

ALLEGED BRASS THEIF HELD TO ANSWER THIS MORNING.

Will George, colored, charged with stealing brass from the Illinois Central, was held to answer in Judge Sanders' court today and went to jail in default of \$100 bond.

James Johnson was dismissed on a charge of drunkenness.

The Quartette Choir will render Gounod's "Gallis" Pray "See Ya the Love" and Lambillotte's "I Will Love." Miss Pratt will sing.

CITY PRIMARY.

DEMOCRATIC COMMITTEEMEN IN SESSION ONLY A SHORT TIME.

Chairman R. G. Caldwell called the Democratic city committee to order at 2 o'clock this afternoon in the city court room. All the members were present except Mr. Jake Seamon, who was there by proxy. There were few spectators.

The city primary was called for Friday, May 10, to be held under the law. There was no opposition.

Messrs. R. G. Caldwell, C. M. Leake, W. V. Easton, Joe Potter, and Frank Diegel were appointed to arrange for the primary, and the meeting adjourned.

It was understood a plan to call a convention instead of a primary was ready to be carried out, but candidates discovered it yesterday and nipped it in the bud.

VISIT EVANSVILLE.

MARSHAL COLLINS AND OFFICER POTTER TAKE A TRIP OF A FEW DAYS.

Marshal James Collins had on a new hat today. Whenever he has on a new hat, he knows that he is going somewhere—somewhere outside of Paducah to enjoy himself.

The marshal said he was out on the election. But no matter where the hat came from, Marshal Collins and Officer Tom Potter leave this afternoon for Evansville, to spend a few days with Chief of Detective Leubhard, and do a little private detective work on the outside.

Deputy Marshal Frank Harlan will be acting marshal during Marshal Collins' absence.

PATENTED A COMB.

A COLORED WOMAN OF PADUCAH RECEIVES PATENT PAPERS.

Necie Emery, wife of Tom Emery, colored, the East Court street saloon keeper, is the first colored woman in Southwest Kentucky if not the entire state, to be granted a patent.

As a result of her experience as a hair dresser who has invented a curling comb, which curls straight hair, or makes kinky hair straight. It resembles a miniature curry comb, and is heated before use. A small contrivance on one end imparts a glow to the hair.

The patent papers were received yesterday. The inventor will dispose of the patent to a firm that will manufacture them.

Usually a racking cough and a general feeling of weakness. FOLEY'S HONEY AND TAR is guaranteed to cure the "grippe cough" and make you strong and well. Take no substitutes. J. C. Gilbert.

OTITIS CANNOT BE CURED. By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars to any case of deafness, caused by catarrh, that can not be cured by Hall's Otisrh Ointment. Send for circulars, free.

DOWN WITH DEMAGOGUERY.

When it becomes necessary to preach anarchy to win nominations, politics in this country is fast becoming detrimental to the business interests, and when class is arrayed against class, labor arrayed against capital, it behooves the thinking people to stop and reflect where such preaching and practice will eventually lead them.

When thrift and capital is assailed, when dishonesty is applauded and men are encouraged to practice it and thereby become dead beats, the community is reaching that plane when capital will hesitate, and honest merchants will leave.

When candidates encourage the vicious to procure the goods and chattels and live in the homes of others, or eat up their products, and demand the storekeeper or landlord of their just dues, anarchy is in the saddle and government becomes a farce.

Business men and men of financial interests in the community pay too little attention to politics, the office seekers stop at nothing to secure their aims, they unscrupulously lead the less intelligent element and by arousing their prejudices, injure the welfare of the business community irreparably.

It behooves the men who have the building and maintenance of this community upon their shoulders to think well over this matter, when business is assailed, when the commercial interests are crippled, the very foundation of prosperity is assailed, and sooner or later the men who are now frothing the energy, brains and money that is essential to the prosperity of all communities will seek fields where reason predominates, and anarchy is an unknown factor.

The brilliant success of General Funston in capturing Agninaldo shows that while great crises develop heroes and statesmen the opportunity for distinguishing one's self is oftentimes the work of the individual himself. The story of the career of General Funston indicates that he is a firm believer in the strenuous life and that he is endowed with those qualities that can make a momentous occasion out of the most trivial circumstances. Thus as schoolboy, as city editor of a Topeka paper, as railroad conductor, as government botanist in Alaska, as filibuster in Cuba and as volunteer officer in the Philippines, he has in each and every case distinguished himself as a man of great strength of character and personal courage. He possesses to an unusual degree those qualities without which the greatest success cannot be attained. He is quick to discern opportunities, prompt in forming plans and in putting them into execution. The young man of today looking for a hero can find much in the character and disposition of General Funston worthy of emulation.

President McKinley can be trusted to see that General Funston is adequately rewarded for his brilliant service notwithstanding the fact that he did not graduate from West Point and is therefore not quite as aristocratic as the graduates of that academy imagine themselves to be. As sometimes happened in the Roman circus General Funston is under the protection of the people and his reward will be commensurate with his services.

The action of the court of appeals in granting new trials to Caleb Powers and Jim Howard will bring that \$100,000 corruption fund into evidence again—that is if there is any of it left. It is doubtful whether as versatile witnesses as Robert Noakes and Finley Anderson can be found for the new trials.

Such has been the verdict of those who appreciate elegance, style and quality combined. It's a great showing of new hats and fancies. Over there is a clever CONJURIT. This one is ARTISTIC ELEGANCE. That one is a WINNING NOVELTY. Here are two special HIGH CLASS SPECIALS. See how this one is distinguished by its superiority of design and its finishing touches.

Look at that table of attractive and popular priced beauties, and who can doubt that they will be quick-selling and very taking sales.

You'll find us prolific in designing and making other hats for Easter that will be artistic surprises.

Don't delay the coming. Make your Easter choice early. Our work tables are sure to be overrun with orders, but we will manage to not to appoint you if you don't put off the buying too late.

Most ladies know that this store is not only the origin school and birthplace of the most artistic and refined millinery in Paducah, but makes prices so low that no one need go without a beautiful hat.

Closing Out Sale

Our doors are open at retail prices to close out our large stock of

Glass and Queensware, Lamps, Enameled and Tinwares.

We reserve no part of it, but put everything under the hammer. Our entire business is to be changed, and to carry out our plan we must get rid of our present stock, and do it quickly.

A personal inspection is necessary if you are to know the kind of prices we are making. We can only quote a few in this space:

One lot of short dinner sets at \$2.50 per set. Full 35-piece dinner sets as low as \$1.50 each. Full 100-piece dinner sets as low as \$4.00 each. Genuine China 100-piece dinner sets at \$10.00 each. Haviland China 100-piece dinner sets at \$12.00 each.

Steel Enameled wares are sold at prices of ordinary Tinware in many instances. This is a line of seconds, limited in quantity. Advertisements cost money, and to enumerate the entire list would entail an item of expense that a "no profit" sale would not justify. You will have to come to see us if you would know the extent of this sale.

CHAPTER VI.

THE PREACHING OF JOHN, THE BAPTIST.

In those days cometh John, the Baptist, preaching in the wilderness of Judaea, saying:

"Repent ye; for the kingdom of heaven is at hand."

"For this is he that was spoken of by Isaiah, the prophet, saying:

"The voice of one crying in the wilderness,

Make ye ready the way of the Lord, Make his paths straight."

Now John himself had his raiment of camel's hair, and a leathern girdle about his loins; and his food was locusts and wild honey. Then went out unto him Jerusalem, and all Judaea, and all the region round about Jordan; and they were baptized of him in the river Jordan, confessing their sins. But when he saw many of the Pharisees and Sadducees coming to his baptism, he said unto them:

"Ye offspring of vipers, who warn-

ed you to flee from the wrath to come? Bring forth therefore fruit worthy of repentance; and think not to say within yourselves, 'We have Abraham for our father; for I say unto you, that God is able of these stones to raise up children unto Abraham. And even now is the ax laid unto the root of the trees; every tree therefore that bringeth not forth good fruit is hewn down, and cast into the fire.' The multitudes asked him, saying, 'What then must we do?'

And he answered and said unto them:

"He that hath two coats, let him impart to him that hath none; and he that hath food, let him do likewise. And there came also publicans to be baptized, and they said unto him: 'Master, what must we do?'

And he said unto them: 'Do violence to no man, neither exact anything wrongfully; and be content with your wages.' And as the people were in expectation, and all men reasoned in their hearts concerning John, whether haply he were the Christ, John answered, saying unto them all:

"I indeed baptize you with water, but there cometh he that is mightier than I, the latchet of whose shoes I am not worthy to unloose; he shall baptize you with the Holy Ghost and with fire; whose fan is in his hand, to thoroughly to cleanse his threshing-floor, and to gather the wheat into his garner; but the chaff he will burn up with unquenchable fire."

With many other exhortations therefore preached he good tidings unto the people.

FOR THE GRIP.

YOU HAVE HEARD OF MANY REMEDIES—DID YOU EVER TRY THIS ONE?

Everybody you meet on the streets nowadays either has just had the grip, is coming down with it or has a sure cure for it.

The disease has been a puzzle to physicians ever since its appearance several years ago and it is as much of a puzzle today as it was then. It exhibits such a variety of symptoms in different individuals and leaves such disastrous results after apparent recovery, that as yet its prevention and cure has baffled science.

However there is no doubt but that the grip is catarrhal in character and the leading symptom in nearly every case is increased secretion in the head and throat, in fact the first indications of the grip are those of a cold in the head which extends to the throat and lungs.

Dr. Johnson Ames advises as the safest course to pursue on the first appearance of grip symptoms to keep to the house for a day or two and take Stuart's Catarrh Tablets every hour the first day and every two hours the following day and states that this will break up the trouble before it becomes deep seated.

These catarrh Tablets are antiseptic and harmless and prevent fever and the further development of grip germs, and ward off the ever present danger of pneumonia.

Dr. Gerald Stinson says: "I have found Stuart's Catarrh Tablets a pleasant and thoroughly reliable remedy for the grip, especially with elderly people with whom this prevailing disease is always dangerous; the tablets can be found at any drug store and if used freely during the first few days of the attack will break it up."

The grippe is a catarrhal affection, the germs are in the air and no one is proof against it, but the timely use of Stuart's Catarrh Tablets will prevent any serious results.
